Satellite

On Friday nights students and young adults get together to hang out and have a wild time worshipping Jesus at Satellite, an extension of 3Ci (Capital City Church International), reaching into Hatfield and surrounding areas. We are a group of young people passionate about being real and getting to know a real God. Our heart is to reveal a loving awesome God to a lost world, while in an unreligious way preparing for our futures and building quality friendships. Every night is completely different and unpredictable.

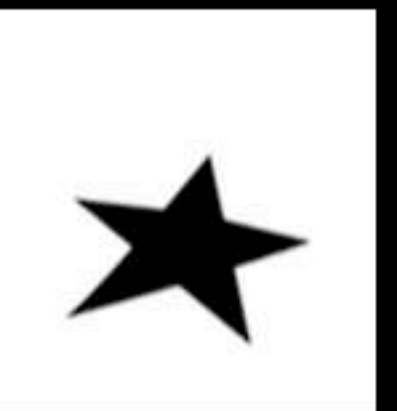

The vibe and atmosphere that is created by a crazy bunch of people is something to be experienced ... so if you are young and in need of adventure, it would be really cool to see you there. Feel free to invite friends and come and join us!!!
